

FOR IMMEDIATE RELEASE**Burns & McDonnell Announces New Leader for Global Facilities in Upper Midwest Region**

BLOOMINGTON, Minnesota — Burns & McDonnell has announced the hiring of [Jens Ebert](#) as the Global Facilities group leader in the firm's Upper Midwest Region. Ebert brings more than three decades of engineering and construction consulting and leadership experience across several industries, including food and beverage, consumer products and other manufacturing sectors.

Ebert launched his career as a process and project engineer, designing innovative solutions for industrial and manufacturing clients. Over the years, his project portfolio has featured the oversight of more than \$100 million in capital planning and execution, across both greenfield and brownfield facility engineer-procure-construct (EPC) contracts.

"Jens' depth of experience and proven track record delivering transformative results for manufacturing clients will be a tremendous asset to our Global Facilities practice and our clients," says [Gene Sieve](#), senior vice president and general manager, Upper Midwest Region. "His leadership and market insights will help strengthen our capabilities across the Upper Midwest as we continue expanding in the region."

A licensed professional engineer (PE) and project management professional (PMP), Ebert holds a Bachelor of Science in mechanical engineering from the University of Minnesota and a Master of Science in project management from Pennsylvania State University.

"I'm excited to join Burns & McDonnell and lead the Upper Midwest Global Facilities team," Ebert says. "I look forward to collaborating with our talented, multidisciplinary team of professionals and building on the firm's strong reputation for delivering innovative, client-focused, integrated design-build solutions."

About Burns & McDonnell
