

FOR IMMEDIATE RELEASE**Burns & McDonnell Celebrates Growth and New Office in Oklahoma City**

OKLAHOMA CITY, Oklahoma — [Burns & McDonnell](#), a 100% employee-owned engineering, architecture and construction firm, celebrated the opening of its new, relocated [Oklahoma City office](#) with a ribbon-cutting ceremony attended by community leaders. The event marked a milestone in the firm's continued growth and long-term commitment to Oklahoma.

Since establishing an Oklahoma City office in 2012, Burns & McDonnell has steadily expanded to support clients across the state. The new space, located at 701 N. Broadway Ave., Suite 300, has capacity for 55 people and is designed to enhance collaboration and support future growth.

"This is an exciting time to deepen our investment in Oklahoma City and continue growing alongside the region's dynamic industries," says Chad Wolfe, general manager of the Oklahoma City office at Burns & McDonnell. "This new space positions us well to expand our engineering and construction capabilities and continue delivering high-quality solutions that drive economic growth in the state."

With more than 80 professionals supporting the state, Burns & McDonnell continues to expand its presence to meet the growing needs of clients throughout Oklahoma. The larger Oklahoma City office strengthens the firm's ability to deliver integrated services across industries vital to the state's economy, including [transmission and distribution](#), [aviation](#) and [federal](#), [manufacturing](#), [ports](#), [water and wastewater](#), and [environmental](#). Backed by a nationwide team of experienced professionals, the Oklahoma City team provides a full range of engineering, architecture, construction and consulting solutions.

Engineering News-Record Texas & Southeast has ranked Burns & McDonnell as the No. 1 design firm in Oklahoma for 2025. Additionally, *The Journal Record* this year named the firm to its list of Best Places to Work in Oklahoma for the ninth consecutive year.
